Some of the benefits of pods

- Small footprint, making best use of available space
- Available in less than three weeks from order
- Installed in under an hour — an extra room with no build costs
- Movable, extendable, and they come with you if you relocate
- Immediate private space for confidential calls and meetings
- A sanctuary for anyone who finds open-plan working difficult
- Quiet time away from the desk, for lunch or a break
- Focus space when concentration and complex work are needed
- Less distraction, and better productivity in the wider workspace
- Single pod asset finance lease from under £130 a month over 60 months

Getting it right. We recommend a site visit before any pod is specified, so the selection fits the space and the way it will be used.

Single acoustic focus pods

Features

A one-metre-square footprint for one person, seated or standing. Multi-layered walls and an 8mm glass door absorb sound. LED light and ventilation switch on as you enter, with the air fully exchanged every minute, then drop to standby when the pod is empty. Power socket plus USB A and C. Black or white, high stool optional. Assembles and dismantles in 30 to 60 minutes with two people.
