JPA® Workspaces

How to order:

When ordering please stipulate:

- Full name[s], address including postcode and telephone number[s] of contacts for delivery
- Full specification of all products
- Model numbers
- Finishes
- Fabric colours
- Any special delivery instructions, e.g.: restrictions to access or delivery times

All orders must include the DOH authority code.

This offer is available exclusively for The Senator Group products via authorised distributors.

Pricing:

Prices include delivery and installation during normal working hours subject to clear floors and site access. A surcharge may be incurred for extra time on site or out of working hours. Unless stated, furniture prices quoted are for an MFC finish.

Deliveries to Northern Ireland are subject to a 10% delivery charge on net order value.

Prices shown are special net prices. In addition there are many other products available at special terms to the NHS.

Guarantees:

The Senator Group undertakes that if within the guarantee delivery periods, the structure of the goods is found to have defects in workmanship or material under normal use and service it will [at its option], either repair or replace the defective goods or parts. This is subject to fair wear and tear and that the goods have been properly maintained and not been subject to any misuse, unauthorised repair, replacement, modification or alteration.

What makes JPA Workspaces different?

We have over 50 years of knowledge designing and supplying products for the Healthcare sector, together with our understanding of people to create holistic and efficient environments that improve patients' perception of the brand and the care they receive, as well as having a positive impact on the wellbeing and productivity of staff.

From concept to reality the Healthcare team can provide holistic solutions to all healthcare environments encompassing a range of extensive value added services

The JPA Workspaces Healthcare team has first-hand experience of providing solutions to enhance environments and consider the influence of colour, texture, light and space.

In addition to furniture function and design, we make a real difference to the lives of local people.

Furniture should never be an afterthought.

It provides the opportunity to create a positive and cohesive environment for everyone to enjoy and benefit from the space.

Decades of experience in engineering, manufacturing and testing ensure every product is carefully selected for each healthcare setting.

This is how we make a difference.

Clinical & administrative

Waiting & consultation

Practical Solutions

Our carefully selected range brings together task and visitor seating, desks, screens, soft seating and storage to support both clinical and administrative settings.

Each product has been chosen for its practicality, versatility and ability to perform reliably in busy healthcare environments.

Reception & communal
