Project Outline

JPA Workspaces were requested to advise on and co-ordinate final furniture selections for this complete building refurbishment in order to ensure measurable sustainable results in relation to carbon and waste.

The project brief was to be as sustainable as possible targeting WELL Platinum, BREAAM Excellent and EPC A ratings.

This project also demonstrated the benefits of a collaborative approach and local partnerships, enabling embodied furniture carbon and waste to be key themes withIn the refurbishment strategy.

Key Outcomes

- → **599** Items of furniture supplied
- → **23.05 tonnes** embodied furniture carbon, offset for additional impact
- → **2830** transport miles, offset for additional impact
- → Carbon calculations externally verified by Net Zero International
- → Supported furniture programme anticipated to save 50% cost and 50% carbon due to extended lifecycle.
